POLICY STATEMENT

Cornell University will assist members of the university community in understanding the risks associated with consuming alcohol, and the need to prevent the harm that results from its misuse and abuse. The university permits the purchase and use of alcoholic beverages under certain conditions, but expects individuals to take specific measures to help prevent alcohol abuse in its community. The unlawful manufacture, distribution, dispensation, possession, use, and/or sale of controlled substances or other illegal drugs is prohibited.

REASON FOR POLICY

The university is committed to upholding local, state, and federal law; requiring proper management of events where alcoholic beverages will be served; minimizing the misuse of alcoholic beverages; maintaining a drug-free workplace; and providing education on the risks associated with the use and abuse of alcohol and other drugs.

ENTITIES AFFECTED BY THIS POLICY

All units of the university (excluding the Weill Cornell Medical College)

WHO SHOULD READ THIS POLICY

- All members of the Cornell University community
- Anyone planning a campus event
- Anyone dispensing alcohol on university-owned or managed property

Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

OVERVIEW

Introduction

This comprehensive policy and the procedures set forth herein are intended to protect the learning environment, to promote the safety of the university community, and to reinforce the university’s missions of teaching, research, and public service.

The university seeks to uphold federal, state, and local laws regarding the use of alcohol and controlled substances, and to foster a collegial environment through compliance with the Campus Code of Conduct. The Campus Code of Conduct, which sets forth disciplinary procedures and sanctions for violations of this policy, has jurisdiction over activities and events that occur on university property, at any property or facility used by the university for educational purposes, or in university-related residences (e.g., residential fraternities and sororities on or off campus).

This policy is divided into three major categories:

- “Overview”
- “General Guidelines Regarding Alcohol and Other Drugs”
- “Procedures For Events With Alcohol”

“General Guidelines Regarding Alcohol and Other Drugs” provides information about the university’s position on alcohol and other drugs and where to go for education and referral about their use. This section of the policy sets a minimum standard applicable to all university community members and anyone participating in events covered by this policy.

“Procedures For Events With Alcohol” states the prescribed method for registration and notification for events where alcohol will be served, as well procedures for the proper dispensing of alcoholic beverages at these events. These procedures must be followed by academic units, administrative units, campus organizations, departments, residence facilities, and anyone holding an event on university-controlled property.

Responsible Offices

Because of the serious implications of the use of alcohol and other drugs, and the need to foster a healthy social environment based on individual responsibility, four offices of the university are designated as Responsible Offices, each playing a critical role in this policy:

1. Risk Management and Insurance, for issue of risk, insurance, and catering, as well as other general policy clarification
OVERVIEW, CONTINUED

2. Within the Office of the Dean of Students, the Office of Fraternity and Sorority Affairs handles events sponsored by fraternities and sororities (including events held by groups or organizations renting or leasing fraternity or sorority houses), and the Office of Student Activities handles events sponsored by registered organizations, and the administration of the Event Registration Form.

   ◆ Note: The Office of Student Activities administers the Event Registration Form for departments and units as well as for students.

3. The Faculty and Staff Assistance Program (FSAP), for issues of individual alcohol and drug use by faculty and staff, and associated education and referral.

4. Gannett Health Services, for issues of individual alcohol and drug use by students, and associated education and referral.

5. The Division of Human Resources, through the office of Workforce Policy and Labor Relations, and Division of Financial Affairs, shall share responsibility for reporting of drug-related, criminal convictions that occurred in the workplace of individuals paid from federal funds in accordance with the Drug-Free Workplace Act.

Responsibility for Compliance

Responsibility for compliance with this policy, during all phases of an event, rests with the dean, department or unit head, or the highest-ranking individual or officer of the organization or group sponsoring the event. Additionally, during an event the responsible person bears certain responsibilities (see the “Responsible Person” segment of this document).

Department and Unit Responsibility

Departments and units may uphold more restrictive regulations than those set forth in this policy. In all instances, however, this policy is a minimum university standard, and departments and units are expected to provide any specific education and training that is necessary for adherence.
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

OVERVIEW, CONTINUED

| Staff and Faculty Member Responsibility | Staff or faculty members (including student employees) are agents of the university. As such, they are expected to uphold the standard promulgated by this policy, through the maintenance of a workplace free of illegal drugs and alcohol abuse; and to behave in a responsible manner around these substances. |
| Organization Responsibility | All campus organizations (see the “Definitions” section of this document) are expected to manage events according to the procedures set forth here. Those members of an organization who preside over its governance, or who have been granted internal authority to manage events, are held collectively and individually responsible for compliance with this policy. |
| Individual Responsibility | Throughout their association with Cornell University, members of the faculty or staff, students, volunteers, and visitors are expected to uphold the law and act in a way that demonstrates the principle of “freedom with responsibility.” In addition, each member of the university community shares responsibility for its members’ collective health and safety. So that the university may comply with the Drug-Free Workplace Act, individuals are obligated to notify the Office of Workforce Policy and Labor Relations in the Division of Human Resources within five days of being convicted of a criminal drug-related offense that occurred in the workplace. |

◆Note: The Office of Fraternity and Sorority Affairs maintains its own policies and procedures regarding alcohol and other drugs, consistent with and in support of University Policy 4.8, Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors). For more information, contact the Office of Fraternity and Sorority Affairs.
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

| Use of Alcohol In Undergraduate Student Residence Facilities | Actions that take place in private residences, including apartments, (whether or not university-owned), and private rooms within residence halls and cooperative or small living units, are governed by applicable laws and regulations, and the terms and conditions of the residential contract. The procedures contained in the “Procedures for Events With Alcohol” section of this policy are applicable whenever the sale or service of alcoholic beverages takes place in any university-shared area (including, but not limited to, a residence hall lounge, cooperative living room, or a communally shared space within a small living unit).

| Use of Alcohol In Graduate and Professional Student Residence Facilities | Residents of Graduate and Professional Student Housing facilities who are twenty-one years of age or older are permitted to use alcohol in these residence facilities. In such circumstances, individuals are governed by applicable laws and regulations, and the terms and conditions of the residential contract. However, the procedures contained in the “Procedures for Events With Alcohol” section of this policy are applicable whenever an event includes the sale of alcoholic beverages.

| Failure to Comply and Liability | Failure to abide by the provisions of this policy may result in the denial of permission to use university property and/or funding for future events, as well as other disciplinary and/or legal procedures as appropriate. For a staff or faculty member, this may include dismissal and/or criminal prosecution (see the “Appendix D” section of this document for a description of sanctions related to the use and distribution of alcohol and other illegal drugs).

|   | **Caution:** Nothing contained in this policy will relieve any person or organization of civil or criminal liability, or the responsibility to comply with any law, regulation, or statute. |

Promotion of Events

Depictions of the following may not be used to promote events:

- all-you-can-drink activities;
- drinking games;
- price specials on alcohol;
- promotions or prizes featuring alcohol;
- complimentary alcoholic beverages;
- free alcoholic beverage with purchase of ticket;
- specific names of beverages containing alcohol, except wines or beers at Statler Hotel events.

◆ Note: This list is not exhaustive; it is meant to provide examples of the types of activities that are considered by the university as promoting alcohol consumption. It is also not intended to cover alcohol consumption related to content of curriculum or research objectives.

Use of Logo, Seal, Insignia, or Mascot

University, college, unit, or office logos, seals, insignias, or mascots should not be used in conjunction with any materials that promote alcoholic beverages or that promote the use of alcohol or controlled substances.

Athletic Events

During certain Cornell athletic events, there are designated areas for gatherings, such as receptions, picnics, and tailgates, that may include the service of alcoholic beverages. For information on these departmental guidelines, contact the Department of Athletics.

Purchasing Alcohol with University and Student Activity Fee Funds

Alcoholic beverages may not be purchased with any state or federal appropriated funds. For more information, contact Sponsored Funds Accounting.

Schools, colleges, departments, or units determine the permissibility of charging alcoholic beverages to university accounts. For more information, contact the department or unit’s administrative office.

PROCEDURES FOR EVENTS WITH ALCOHOL

Introduction and Flow Chart

The flow chart below describes the steps you will need to take if you are planning a university event with alcohol. The segments that follow the flow chart describe these procedures in greater detail.

The management of the property will guide you through the registration process, if necessary.

TO PLAN YOUR EVENT

Is this event being sponsored by a fraternity or sorority?

YES

Contact the Office of the Associate Dean of Students and Advisor to Fraternities and Sororities.

NO

Will the event take place on campus?

YES

Notify your department or unit head, or your organization advisor, that your event is taking place. If your university event will be an open event, you will be required to hire an approved caterer to control the service of alcoholic beverages. It is recommended that you hire an approved caterer in any case.

NO

Will the event take place at a university-licensed property (the Statler Hotel, the Big Red Barn, Robert Purcell Community Center, or Helen Newman Bowling Alley)?

YES

There are special rules during certain events; contact the Department of Athletics.

NO

Will the event take place at an athletic event?

YES

Location must be approved

NO

Is this an open (public) event?

YES

Complete and submit an Event Registration Form. https://activities.cornell.edu/EventReg/

NO

Do you expect a substantial number of underage individuals to attend?

YES

Are you a resident of a Graduate and Professional Student Housing Facility and are you holding the event there?

YES

Complete and submit an Event Registration Form. https://activities.cornell.edu/EventReg/

Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED

What Events Are Covered

These regulations apply to all university events (see the “Definitions” section of this document) where alcoholic beverages will be served. University events include, but are not limited to the following:

- any events held on campus, including events sponsored by groups that lease or use university property
- fraternity and sorority events
- campus organization events
- commencement events
- department or unit events
- events held by individuals, on behalf of the university, for members of the university community (whether on or off campus)

As you proceed through this document, you will learn what approval and/or registration or notification is required for your event.

General Events Management

Listed below are restrictions regarding events covered by this policy. Please read these paragraphs to assist you in planning your event. The service of alcoholic beverages, (see the “Definitions” section of this document), including beer, wine, and liquor, is permitted only according to the principles set forth in this document and New York State Law.

Please see the “Appendix A” section of this document for general rules and suggestions for responsible management and use of alcoholic beverages at your event.

◆ Caution: Beer kegs and balls are allowed at university events only if an insured and licensed caterer is hired to serve the beer on a per-drink basis.

Underage Participants

If a substantial number of expected attendees at your on-campus event are underage, you will be required to complete an Event Registration Form. In most cases, you will be required to hire an insured and licensed caterer for your event.

◆ Note: The expected attendance of underage individuals at your event may prohibit the service of alcohol.
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED

Events Where an Admission Fee is Charged

At events where an admission fee is charged, alcoholic beverages must be purchased and served on an individual basis only to those 21 years of age and over. The charge for alcoholic beverages must be separate from the charge for admission into the event.

Events Where No Admission Fee is Charged

At events where no admission fee is charged and alcohol is provided at no charge, alcoholic beverages must be served on an individual basis only to those 21 years of age and over.

Sale of Alcoholic Beverages

The sale of alcoholic beverages (see the “Definitions” section of this document) at university events, including beer, wine, and liquor, is prohibited unless under the auspices of an insured and licensed caterer, who must post the appropriate New York State Liquor Authority permit (for more information, contact Conference Services, Campus Life).

The university licenses the following properties, and the stated caterer must be used at all times:

</tbody>
</table>

◆ Note: Events that take place at the above locations are sometimes exempt from event registration. See the “Events at University-Licensed Properties” segment of this document for more information.

Concerts and Athletic Events

Alcoholic beverages are not permitted at concerts or at athletic events. While waiting in line for these events, no person may possess or consume alcoholic beverages.
PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED

Non-alcoholic Beverages and Food

Sufficient quantities of non-alcoholic beverages and substantial food must be available at all times during an event at which alcohol is served. A punch or beverage containing alcohol must be clearly labeled as such.

Fraternity and Sorority Events

The Office of Fraternity and Sorority Affairs maintains its own approval and registration process for events with alcohol, which is consistent with and in support of University Policy 4.8, Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors). For more information, contact the Office of Fraternity and Sorority Affairs.

Events at University-Licensed Properties

The day-to-day service of alcohol at a university-licensed property does not require event registration or the completion of an Event Registration Form.

However, events held at university-licensed properties (i.e., the Statler Hotel, the Big Red Barn, Helen Newman Bowling Alley, and Robert Purcell Community Center) will be subject to the same registration procedures as events held in any other location.

◆ Note: An event with alcohol held at the Statler Hotel does not require the completion of an Event Registration Form unless it involves a student organization (either graduate or undergraduate).

On-campus Vs. Off-campus Events

University events with alcohol that are held on campus (see the “Definitions” section of this document) may require the completion of an Event Registration Form (see the “Forms” section of this document). Although those held off campus do not require this form, they are subject to the provisions of this policy, including event notification (see the “Off-campus Events” segment of this document).

Open Events

On-campus Open Events

If you are planning to serve alcohol at an on-campus open event, you must obtain permission from the building coordinator (or other individual responsible for making room reservations) in charge of the building where
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED

The event will take place. A list of building coordinators is available from the Customer Service Center, Facilities Management (see the “Contacts” section of this document). In addition, you must fill out an Event Registration Form. You will be required to hire an insured and licensed caterer for your event.

Off-campus Open Events

If your university event will be an off-campus open event with alcohol, you must hire an insured and licensed caterer to control the service of alcohol.

Event Registration Form

The following entities wishing to serve alcoholic beverages at any event that takes place on campus (except for events at university-licensed properties—see the “Events at University-Licensed Properties” segment of this document) must complete an Event Registration Form:

- a campus organization (see the "Definitions" Section of this document)
- any individual not acting on behalf of an academic or administrative department (this applies to both members and non-members of the university community)
- anyone planning an open (public) event
- anyone planning an event at which a substantial number of expected attendees are under twenty-one years of age
- anyone planning an event at which the expected attendance is fifty people or greater

Electronic submission of the form begins a series of approvals and communications that will promote adherence to this policy and proper coverage during the event, such as by the Cornell University Police Department (CUPD). The Event Registration Form will enable the proper parties to do the following:

- convey information to the CUPD or other offices about events at which alcohol is to be sold or served on campus
- inform offices and campus organizations of the individuals who are responsible for such events
- inform the individuals in charge about their responsibilities and the possible consequences of their actions
- encourage increased communication within the groups or living units involved with events at which alcohol is to be served
Policy 4.8  
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)  

PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED  

The Event Registration Form should be completed as early as possible, as turnaround time for approval can vary. Whenever possible, its submission should be at least 15 working days in advance of the event, and before the event is advertised. To register your event using this form, go to www.activities.cornell.edu/eventreg/.  

◆ Note: When an individual or organization is planning a series of on-campus events with alcohol, it is sometimes permissible to complete a “multiple event registration” through the Event Registration process. For more information, contact Student Activities.  

Off-campus Events  

An individual planning an off-campus event with alcohol on behalf of a department or unit, e.g., departmental party, must notify the head of the department or unit. Individuals and groups within academic or administrative departments and units are not required to register their off-campus events with alcohol. However, hiring an insured and licensed caterer to control the service of alcohol is recommended.  

Additional Approval Procedures  

Additional procedures or guidelines may be required by individual university departments or governing bodies. Organizations or event sponsors should check with the particular department to make sure all requirements are understood.  

◆ Note: Permits for outdoor amplified sound must be approved from the City of Ithaca at least three weeks in advance of the event. They are available from the City of Ithaca, or from the Office of Student Activities, 521 Willard Straight Hall.  

Responsibility During Your Event  

Every event, whether or not it is registered through the Event Registration Form, must have both an “event sponsor” and a “responsible person.” The event sponsor is often a campus organization, department, or unit, and the responsible person is an individual (or, in some cases more than one individual) assigned to attend and oversee an event.  

Responsibility for compliance with this policy, during all phases of a university event with alcohol, whether it is registered or not, rests with the dean, department head, or highest-ranking officer of the organization sponsoring the event. During the event, the responsible person(s) also bears
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

PROCEDURES FOR EVENTS WITH ALCOHOL, CONTINUED

certain responsibilities (see the “Responsible Person” segment of this document).

Caution: When the group sponsoring an event is governed by more than one person, each of these individuals shares this responsibility equally and fully.

Event Sponsor

The department, unit, or organization sponsoring an event must establish measures to prevent alcoholic beverages from being sold, distributed to, or possessed by people under 21 years of age or to people who appear intoxicated. Such measures must include, but are not limited to the following:

- appointment of the responsible person
- requiring proof of age of individuals who will be served
- training of bartenders and others who supervise the dispensing of alcoholic beverages

Responsible Person

The responsible person for the event will be listed on the Event Registration Form (if one is required), have authority and oversight regarding the dispensation of alcoholic beverages, and have responsibility for coordination of the event if alcoholic beverages are either given away or sold. This individual should have a basic understanding of Alcoholic Beverage Control laws, service methods, and measures for service control; must be present throughout the event and its clean-up; and must be 21 years of age or older. In addition, it is expected that the responsible person will refrain from consuming alcoholic beverages at the event.

The responsible person should monitor the starting and ending times for the caterer’s dispensation of beverages (if one is present). During the event registration process, information sessions and resource materials will be provided to the responsible person through the Office of the Dean of Students, Student Activities, Gannett Health Services, Campus Life, and the CUPD.
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

The Cornell University Police Department (CUPD) officers or other security personnel may be required to attend events on university property. Costs associated with this requirement must be paid by the sponsoring organizations. At the time of the event registration, the decision will be made by the CUPD in consultation with the Associate Dean of Students, Student Activities. This decision will be based on several factors, including:

- the history of the event and the sponsoring group
- the nature of the event
- the anticipated attendance
- other factors as appropriate

APPENDIX A: GUIDELINES FOR RESPONSIBLE MANAGEMENT

Guidelines for Responsible Management and Use of Alcoholic Beverages

If alcohol will be served at your event, take precautions to encourage moderation by your guests. Remember that as the host, you have responsibility for management of the event. Adhering to the following guidelines will help in planning your event and ensure that there is responsible use of alcohol:

- Purchase only the amount of alcohol that you need. A good rule of thumb is no more than one drink per person per hour.

- Hire a caterer to assume the responsibility for the use of alcohol. Prior to the event, discuss with the caterer the amount of alcohol that you expect the caterer to serve and the type of event that you are having.

- Always serve food. High-protein and carbohydrate foods are best, because they slow the rate at which alcohol is absorbed.

- Whether you have a caterer or not, always have a bartender who is familiar with New York State laws and who can control the serving of the alcohol. Your bartender should:
  - require proof of age
  - stop serving someone who has had too much to drink
  - not rush to refill empty glasses
  - not allow guests to serve themselves
  - stop serving alcohol about an hour before the event ends and serve coffee, non-alcoholic beverages, and food instead

- Promote the designated driver concept at your event. Be prepared to provide alternate transportation for drivers who have had too much to drink (taxis, buses, etc.).
Policy 4.8

APPENDIX B: FREQUENTLY ASKED QUESTIONS

General Comments
In general, when planning an event, you should consider the following factors to ensure compliance with this policy:

- the age of the attendees (see the “General Restrictions” and “Planning Your Event” sections of this document)
- the event location (see the “Planning Your Event” section of this document)
- the event sponsor (department, undergraduate student organization, graduate student organization, visitor, fraternity or sorority--see the “Planning Your Event” section of this document)
- how the event will be managed (see the “Responsibility During Your Event” section of this document)

The following questions are meant to provide general guidance for members of the university community.

I am a member of a registered graduate and professional school organization. What do I need to do to have alcohol at an organization event on campus?

In general, if all attendees will be 21 years of age or over, you need only complete an Event Registration Form. This may be done online at www.activities.cornell.edu/EventReg/.

When do I need to hire a caterer to serve alcohol at my event?

An individual or group hosting an event on campus where alcohol will be served must hire an insured and licensed caterer if either of the following conditions is met:

- beer will be served from a beer ball or a keg
- any alcohol will be sold (see “Sale of Alcoholic Beverages” in the “Definitions” section of this document)

◆Note: You will, in most circumstances, be required to hire an insured and licensed caterer if a substantial number of expected attendees are under age (see the “Event Registration Form” segment of this document).

How can I be a responsible event planner?

In order to be a responsible event planner, you need only read, understand, and follow this policy, paying particular attention to the “Procedures for
APPENDIX B: FREQUENTLY ASKED QUESTIONS, CONTINUED

Events With Alcohol” section of this document, which will help you plan your particular event. As you move through the procedures described herein, university officials will also evaluate your event, considering these factors:

- the quantity of alcohol available per person
- the duration of the event
- the type and amount of food to be served
- promotional materials
- controls that will be in place during the event

For further assistance in a determination of whether your event is in compliance with this policy, see the “Contacts” section of this document.

When can an undergraduate student organization serve alcohol at an event on campus?

In general, undergraduate student organizations are comprised primarily of individuals under the age of 21. Therefore, except with special permission from university officials, the university does not allow alcohol at events sponsored by undergraduate student organizations that are on campus. If you believe you are planning an event that is an exception to this general rule, contact Risk Management and Insurance.

When do faculty and staff members need to complete an Event Registration Form for a university event where alcohol will be served?

When it will be held on campus and either of the following two conditions are met: there will be 50 or more people at the event, or a substantial number of people under the age of twenty-one will be attending the event.

◆ Note: For university events that do not fit into the categories above, your unit or department head must be notified before the event takes place.

I am a faculty member (or department). I just want to have a small gathering on campus with alcohol. Is that OK?

Yes--provided the gathering is of fewer than 50 people, there will not be a substantial number of attendees under the age of twenty-one, and you will not be selling alcohol.
Policy 4.8
Alcohol and Other Drugs (for Students, Staff, Faculty, and Visitors)

APPENDIX B: FREQUENTLY ASKED QUESTIONS, CONTINUED

◆ Note: For your own protection, you may still register your event through the Event Registration Form.

If your gathering will be on campus and 50 people or more, or a substantial number of individuals under the age of twenty-one may be attending, you must complete a Event Registration Form. You may be required to hire an insured and licensed caterer (see the “General Events Management” segment of this document).

◆ Caution: Whether on or off campus, you must notify your department or unit head of any departmental event where alcohol will be served.

I am a faculty/staff member. I want to host a university event with alcohol at my house. What do I need to do?

To reduce liability, it is recommended that you notify your department or unit head when you host a university event with alcohol. This is especially true when there will be a substantial number of guests. In addition, it is recommended that you hire an insured and licensed caterer.

#### OTHER DRUGS

Federal and New York State laws provide many legal sanctions for the unlawful possession or distribution of controlled substances. These sometimes include severe criminal penalties such as fines and/or imprisonment. The severity of the penalty depends upon the nature of the criminal act and the identity and amount of the illicit drug involved. Some examples are:
